

2020-2021 Court Management Committee Charge

Court Management [Indirect]

Description: The Court Management Committee advances the work of the court administration and judicial leadership team. It assists the NCJFCJ in understanding issues that impact the courts and court personnel while promoting strong relationships between court management and judicial officers. Members of the committee shall be available as a resource to the Board and staff on issues regarding court administration. It is the mission of the Court Management Committee to:

- A. Build synergistic connections between court administration professionals and judicial officers, both in local court systems and in national organizations.
- B. Serve as a forum to explore strategies in the arena of collaborative efforts between judicial officers and court administration professionals.
- C. Invest in and develop methods to share this information and provide educational presentations, curriculum, and training opportunities about best practices with court officials from across the country.
- D. Increase membership and participation of both the NCJFCJ and NACM.
