

Intergenerational Learning

Educating Young People on Judicial Integrity and Countering Corruption in the Judiciary

12 August 2022, 15:00 – 16:00 CEST

Virtual

PROGRAMME

The [GRACE initiative](#) and the [Global Judicial Integrity Network](#) are joining forces to mark the [International Youth Day 2022](#) by organizing a webinar on judicial integrity, open justice and anti-corruption for students and young people. This year's theme of the *International Youth Day is "Intergenerational solidarity: Creating a world for all ages"* and it is aimed to amplify the message that action is needed across all generations to achieve the Sustainable Development Goals and leave no one behind.

The webinar will bring together representatives of the judiciary, academics specialised in anti-corruption and young people to discuss the importance of judicial integrity and the countering of corruption within the judicial sector. The session aims to create a dynamic forum to exchange views and share ideas on the relevance, new challenges and future of integrity, and in particular judicial integrity for the rule of law.
