WESTCOAST CHILDREN'S CLINIC

	Organization	Tool Name	Validated	Length	Source of Information	Domain / System Specific	Guide to Action; Potential Use for Prevention	Format / Mode	Open- or Closed-Ended	Intended Populations	Appropriate for Minors	Sexual Exploitation/ Trafficking	Labor Trafficking
0	WestCoast Children's Clinic	Commercial Sexual Exploitation-Identification Tool	Yes	8 key indicators plus 48 guiding questions	Any	Any	Yes	Checklist of indicators	Closed	Minors and young adults	Yes	Yes	No
1	Vera Institute of Justice	Trafficking Victim Identification Tool (TVIT)	Yes	75 questions (long form) or 55 questions (short form), some questions only asked if client answers "yes" to a previous item.	Self-disclosure	Any	No	Structured interview	Mixed	Any	With significant modifications to questions and language	Yes	Yes
2	Loyola University Chicago Center for the Human Rights for Children, International Organization for Adolescents (IOFA)	Rapid Screening Tool (RST) for Child Trafficking	No	12 questions	Self-disclosure	Any	No	Structured interview	Open	Minors	Yes	Yes	Yes
3	Loyola University Chicago Center for the Human Rights for Children, International Organization for Adolescents (IOFA)	Comprehensive Screening and Safety Tool (CSST) for Child Trafficking	No	33 questions	Self-disclosure	Any	No	Structured interview	Open	Minors	Yes	Yes	Yes
4	Polaris Project, National Human Trafficking Resource Center (NHTRC)	Comprehensive Human Trafficking Assessment Tool	No	142 questions	Self-disclosure	Any	No	Unstructured interview (suggested questions)	Open	Not specified	With significant modifications to questions and to language	Yes	Yes
5	Covenant House, NY	Human Trafficking Interview and Assessment Measure (HTIAM-14)	Yes	37 questions	Self-disclosure	Any	No	Structured interview	Mixed	Minors and young adults	Some items	Yes	Yes
6	Covenant House	Quick Youth Indicators of Trafficking (QYIT)	Yes	4 questions	Self-disclosure	Homeless Youth Systems	No	Structured interview	Closed	Young adults	No	Yes	Yes
7	U.S. Department of Health and Human Services (also Ohio Human Trafficking Task Force)	Screening Tool for Human Trafficking Victims	No	13 questions	Self-disclosure	Healthcare but flexible for use elsewhere	No	Semi-structured interview	Open	Not specified	No	Yes	Yes
8	Florida Department of Juvenile Justice	Human Trafficking Screening Tool	No	60 questions	Self-disclosure	Any	No	Semi-structured interview	Mixed	Minors	Yes	Yes	Yes
9	Urban Institute	Human Trafficking Screening Tool (HTST)	Yes	19 questions for regular tool, 6 questions for short tool	Self-disclosure	Child Welfare and Runaway/Homeless Youth Systems	No	Structured interview	Closed	Minors and young adults	No	Yes	Yes
10	San Diego State University	San Diego Labor Trafficking Survey	No	106 questions	Self-disclosure	Agricultural Workers	No	Semi-structured interview	Mixed	Not specified	No	No	Yes
11	RTI International & San Diego State University	Indicators of Labor Trafficking Among North Carolina Farm Workers	No	76 questions	Self-disclosure	Agricultural Workers	No	Semi-structured interview	Closed	Not specified	No	No	Yes

WESTCOAST CHILDREN'S CLINIC

	Organization	Tool Name	Validated	Length	Source of Information	Domain / System Specific	Guide to Action; Potential Use for Prevention	Format / Mode	Open- or Closed-Ended	Intended Populations	Appropriate for Minors	Sexual Exploitation/ Trafficking	Labor Trafficking
12	Polaris Project	Human Trafficking Assessment for Domestic Workers	No	28 questions, preceded by safety check (2-7 questions)	Self-disclosure	Domestic Workers	No	Semi-structured interview	Open	Not specified	No	No	Yes
13	New Jersey Department of Children and Families	Rapid Human Trafficking Assessment (RHTA)	No	11 questions for either the potential victim or a third-party reporter	Self-disclosure or report by third-party	Any	No	Structured interview	Closed	Minors	Yes	Yes	Yes
14	State of Florida Department of Children and Families	State of Florida Department of Children and Families Human Trafficking of Children Indicator Tool	No	4 sections of questions to consider	Self-disclosure	Child Welfare	Sort of: guidance of what to do for suspicion of trafficking, but no guide of how to interpret answers/scores to questionnaire	Semi-structured interview	Open	Minors	Yes	Yes	Yes
15	United States Conference of Catholic Bishops	How to Identify a Human Trafficking Victim	No	7 questions and list of red flags	Self-disclosure and observation	Any	Limited: guidance of what to do for suspicion of trafficking, but no guide of how to interpret answers/scores to questionnaire	Semi-structured interview and observation	Open	Not specified	No	Yes	Yes
16	Polaris Project	Human Trafficking Assessment Tool for Medical Professionals	No	6 questions and list of red flags	Self-disclosure and observation	Healthcare	Yes	Semi-structured interview	Mixed	Not specified	No	Yes	Yes
17	Ohio Human Trafficking Task Force	Human Trafficking Screening Tool	No	14 questions for regular screen; 7-8 questions specifically designed for probation or youth services	Self-disclosure	Any	Limited: guidance of what to do for suspicion of trafficking, but no guide of how to interpret answers/scores to questionnaire	Semi-structured interview	Open	Any	No	Yes	Yes
18	International Labour Organization (ILO)	Operational Indicators of Trafficking in Human Beings	No	Checklist of 67 indicators under 6 dimensions of trafficking	Self-disclosure	Any	No	Checklist of indicators	Closed	Separate checklists for adults and children	In child checklist, indicators may be appropriate for minors, but lacks guidance on how to talk to children	Yes	Yes
19	Indiana Protection for Abused and Trafficked Humans Task Force	Human Trafficking Identification: Screening Tool and Report	No	3 screening questions and 52 follow-up questions (26 to screen for CSE, 26 to screen for labor trafficking)	Self-disclosure	Any	No; instructions state that if screening indicates trafficking, potential victim should be referred for a more thorough assessment.	Structured interview	Mixed	Not specified	Some items	Yes	Yes
20	Connecticut Department of Children and Families	Human Trafficking Screening Tool	No	Screening tool has checklist of 57 items, Decision map has checklist of 16 items that determine level of trafficking risk	Self-disclosure and observation	Medical and Behavioral Health Providers	Yes	Checklist of indicators	Closed	Minors	Only with significant modifications to questions and to language	Yes	Yes
21	U.S. Department of State	Identify and Assist a Trafficking Victim	No	8 questions and list of red flags	Self-disclosure and observation	Any	Limited: guidance of what to do for suspicion of trafficking, but no guide of how to interpret answers/scores to questionnaire	Unstructured interview	Mixed	Not specified	No	No	Yes
22	National Human Trafficking Training and Technical Assistance Center (NHTTAC)	Adult Human Trafficking Screening Tool (AHTST)	No	8 questions	Self-disclosure	Any	Yes	Structured interview	Closed	Adults	No	Yes	Yes
23	Nevada Office of Governor	Law Enforcement Screening Tool for Victims of Human Trafficking	No	48 questions	Self-disclosure	Law Enforcement	No	Structured interview	Open	Not specified	No	Yes	Yes

	Organization	Tool Name	Validated	Length	Source of Information	Domain / System Specific	Guide to Action; Potential Use for Prevention	Format / Mode	Open- or Closed-Ended	Intended Populations	Appropriate for Minors	Sexual Exploitation/ Trafficking	Labor Trafficking
24	Canadian Council for Refugee	National Human Trafficking Assessment Tool	No	Preliminary Assessment: 6 sample questions; Full Assessment: 49 items under 12 conditions	Any	Any	Yes	Unstructured interview followed by checklist of indicators	Mixed	Not specified	Yes	Yes	Yes
25	London Safeguarding Children Board	London Safeguarding Trafficked Children Toolkit	No	Risk Assessment: 62 items under 12 indicators; Trafficking Assessment 108 open-ended questions	Any	Any	Yes	Checklist of indicators for risk assessment, structured interview for full trafficking	Mixed	Minors	Yes	Yes	Yes
26	International Organization for Migration (IOM)	Screening Interview Form	No	Pre-interview Assessment Indicators: 9 indicators of trafficking; Screening Interview: Around 22 questions	Self-disclosure	Any	No	Semi-structured interview	Open	Not specified	No	Yes	Yes
27	Gennessee County	Screening Tool for Suspected Victims of Human Trafficking	No	Adult Screening Checklist: 7 questions; Underage Screening Checklist: 9 questions	Self-disclosure	Healthcare	No; instructions state that if screening indicates trafficking, potential victim should be referred for a more thorough assessment	Structured interview	Closed	Not specified	Only with significant modifications to questions and to language	Yes	Yes
28	The Advocates for Human Rights	Self-Assessment Card	No	5 questions	Self-disclosure	Any	Yes	Self-interview	Closed	Not specified	No	No	Yes

WESTCOAST CHILDREN'S CLINIC

	Organization	Tool Name	Notes	References	URLs
0	WestCoast Children's Clinic	Commercial Sexual Exploitation-Identification Tool	The CSE-IT was developed to address shortcomings of other tools; meets key criteria for prospective screening, including reasonable length; makes use of multiple sources of information; does not rely on self-disclosure; is not domain specific and can be used across systems; provides a guide to action; is closed-ended; avoids a structured interview; is appropriate for minors; is validated using qualitative and statistical evidence.	Basson, 2017, Validation of the CSE-IT. WestCoast Children's Clinic. Haley, Basson and Langs, 2017, CSE-IT Implementation Guide. WestCoast Children's Clinic.	The CSE-IT is an open domain tool for use in service delivery systems that serve children and youth. The copyright is held by WestCoast Children's Clinic to ensure that it remains free to use. For permission to use or for information, please visit www.westcoastcc.org/cse-it
1	Vera Institute of Justice	Trafficking Victim Identification Tool (TVIT)	Addresses transnational trafficking/smuggling. Authors note the tool is not as effective with minor victims of sex trafficking as it is with other populations; some items do not apply to minors and wording not appropriate for minors.	Weiner and Hala, Oct 2008, Measuring Human Trafficking: Lessons from NYC Simich, Goyen, Powell, & Mallozzi (2014). Improving Human Trafficking Victim Identification - Validation and Dissemination of a Screening Tool. Vera Institute of Justice.	https://www.ncjrs.gov/pdffiles1/nij/grants/246712.pdf
2	Loyola University Chicago Center for the Human Rights for Children, International Organization for Adolescents (IOFA)	Rapid Screening Tool (RST) for Child Trafficking	Tool is missing key indicators and no definitions or explanations offered for items. Some wording is too general to be useful or requires knowledge of exploitation, so is not useful for identification (e.g. child appears to be bought or sold).	Walts et al, 2011, Building the Child Welfare Response to Trafficking	https://www.luc.edu/media/lucedu/chrc/pdfs/BCWRHandbook2011.pdf
3	Loyola University Chicago Center for the Human Rights for Children, International Organization for Adolescents (IOFA)	Comprehensive Screening and Safety Tool (CSST) for Child Trafficking	Requires knowledge or suspicion of exploitation, so may not useful for identification. Some indicators may be unrealistic, e.g. victim refers to self as "slave". Assumes victim identifies as such and is seeking help.	Walts et al, 2011, Building the Child Welfare Response to Trafficking	https://www.luc.edu/media/lucedu/chrc/pdfs/BCWRHandbook2011.pdf
4	Polaris Project, National Human Trafficking Resource Center (NHTRC)	Comprehensive Human Trafficking Assessment Tool	Needs to be tailored to the program where it is implemented. Many items contain language that may not be developmentally appropriate or trauma informed, or language contains jargon (e.g. "commercial sex act") or is not relevant for screening purposes. Assumes victim is seeking help.	None	http://www.traffickingresourcecenter.org/resources/comprehensive-human-trafficking-assessment-tool
5	Covenant House, NY	Human Trafficking Interview and Assessment Measure (HTIAM-14)	Question wording is largely nonjudgmental. Questions can be read verbatim with mature youth, especially youth seeking help. A few items and wording issues do not pertain to minors.	Bigelson & Vuotto (2013). *Homelessness, Survival Sex and Human Trafficking: As Experienced by the Youth of Covenant House New York.* Covenant House	http://www.covenanthouse.org/sites/default/files/attachments/Covenant-House-trafficking-study.pdf
6	Covenant House	Quick Youth Indicators of Trafficking (QYIT)	Very short (four yes/no questions). Specific to young adults (ages 18-26). Due to directness of questions, shortness of survey, and reliance on self-disclosure, use of QYIT may require more time to develop trusting client-provider relationship. Also suggests follow-up assessment using more comprehensive tool (TVIT or HTIAM-14) if youth screens positive on QYIT.	Chisolm-Straker, Sze, Einbond, White, & Stoklosa (2019). *Screening for Human Trafficking Among Homeless Young Adults.* Covenant House	https://www.sciencedirect.com/science/article/pii/S0190740918307540
7	U.S. Department of Health and Human Services (also Ohio Human Trafficking Task Force)	Screening Tool for Human Trafficking Victims	Wording for some items may be inappropriate. Very general, open-ended questions. Limited list of indicators.	*Screening Tool for Victims of Human Trafficking.* The US Department of Health and Human Services.	http://www.acf.hhs.gov/sites/default/files/orr/screening_questions_to_assess_whether_a_person_is_a_trafficking_victim_0.pdf
8	Florida Department of Juvenile Justice	Human Trafficking Screening Tool	A strength of this tool is that it groups items into domains, which facilitates information integration and identification of a potential problem. Challenges include that it relies on self-disclosure, that some items are irrelevant, that some key indicators are missing, and that some items do not match the domain.		http://www.djj.state.fl.us/docs/jjis-instructional-powerpoints---dios/human-trafficking-screening-tool.pdf
9	Urban Institute	Human Trafficking Screening Tool (HTST)	The authors of the HTST note the tool is no more accurate than random chance for youth under 18 and for child welfare settings. Also, convergent validity not established.	Dank, Yahner, Yu, Vasquez-Noriega, Gelatt, & Pergamit (2017). *Pretesting a Human Trafficking Screening Tool in the Child Welfare and Runaway and Homeless Youth Systems*. Urban Institute	https://www.urban.org/sites/default/files/publication/93596/pretesting_tool_1.pdf
10	San Diego State University	San Diego Labor Trafficking Survey	Distinguishes between "trafficking violations" and "abusive practices" in the agricultural work setting. Spanish translation adapted to survey Mexican migrants. Achieved face validity. No statistical validity tests performed. More of a research survey than a screening tool.	Zhang, S. X. (2012). *Trafficking of Migrant Laborers in San Diego County: Looking for a Hidden Population*. San Diego, CA: San Diego State University.	https://www.ncjrs.gov/pdffiles1/nij/grants/240223.pdf
11	RTI International & San Diego State University	Indicators of Labor Trafficking Among North Carolina Farm Workers	Adapted from the San Diego Labor Trafficking Survey (# 10). More of a research survey than a screening tool.	Barrick, K. L., Lattimore, P. K., Pitts, W., & Zhang, S. X. (2013). *Indicators of labor trafficking among North Carolina migrant farmworkers*. Research Triangle Park, NC: RTI International.	https://www.ncjrs.gov/pdffiles1/nij/grants/244204.pdf

	Organization	Tool Name	Notes	References	URLs
12	Polaris Project	Human Trafficking Assessment for Domestic Workers	Good questions within seven indicator domains. However, no guide to scoring. Assessment based on narrative and provider's subjective impression.	None	https://humantraffickinghotline.org/sites/default/files/Assessment%20Tool%20for%20Domestic%20Workers.pdf
13	New Jersey Department of Children and Families	Rapid Human Trafficking Assessment (RHTA)	Checklist of indicators in yes/no format. Very short, missing some key indicators. No room for ambiguity. No guide on how to score.	None	https://www.state.nj.us/dcf/policy_manuals/CPP-X-A-1-9.3_issuance.shtml
14	State of Florida Department of Children and Families	State of Florida Department of Children and Families Human Trafficking of Children Indicator Tool	Guide for Florida Child Welfare providers when they suspect child trafficking. Question wording not specific so is flexible and contains suggestions of the types of questions to ask and what to look for in the child's answers. No scoring, but guidance on what provider should do in case they suspect trafficking is occurring.	None	https://humantraffickinghotline.org/sites/default/files/HumanTraffickingOfChildrenIndicatoTool%20-%20FL%20DCF.pdf
15	United States Conference of Catholic Bishops	How to Identify a Human Trafficking Victim	Basic guide/questionnaire. No scoring or prompt to action.	None	http://www.usccb.org/about/anti-trafficking-program/identifying-trafficking-victims.cfm
16	Polaris Project	Human Trafficking Assessment Tool for Medical Professionals	Short, clear guidelines for how to screen healthcare patient with easy-to-follow decision tree. However, interview questions are structured, direct, and may not be trauma-informed. Also, list of indicators/questions incomplete. Points to Polaris Generic Trafficking Assessment for more complete list.	None	https://www.traffickingresourcecenter.org/sites/default/files/Assessment%20Tool%20-%20Medical%20Professionals.pdf
17	Ohio Human Trafficking Task Force	Human Trafficking Screening Tool	Based on questions from U.S. Health & Human Services Screening Tool for Human Trafficking Victims (#7).	None	https://humantrafficking.ohio.gov/links/Screening-Tool.pdf
18	International Labour Organization (ILO)	Operational Indicators of Trafficking in Human Beings	Difficult to use -- includes a list of trafficking abuses. No guide for how questions should be asked or information obtained. Includes guidance on scoring.	None	https://www.ilo.org/wcmsp5/groups/public/---ed_norm/---declaration/documents/publication/wcms_105023.pdf
19	Indiana Protection for Abused and Trafficked Humans Task Force	Human Trafficking Identification: Screening Tool and Report	Separate screening questions for labor- and sex-trafficking. Instructions recommend being trauma-informed, but the screening questions themselves are direct and may not be trauma-informed.	None	https://www.ismanet.org/pdf/news/HumanTraffickingScreeningTool.pdf
20	Connecticut Department of Children and Families	Human Trafficking Screening Tool	Protocol acknowledges trauma, but language may not be trauma-informed if used with children directly. Relies on medical evaluation conducted at hospital. Screening tool developed for nurses. Screening tool has no clear scoring rubric, but there is a separate decision map that gives more clear direction on how providers should respond.	None	https://portal.ct.gov/-/media/dcf/HumanTrafficking/Reports/HumanTraffickingPGCopypdf.pdf?la=en
21	U.S. Department of State	Identify and Assist a Trafficking Victim	General guide listing trafficking indicators and questions to ask, but not a specific tool that can be used for screening.	None	https://www.state.gov/identify-and-assist-a-trafficking-victim/
22	National Human Trafficking Training and Technical Assistance Center (NHTTAC)	Adult Human Trafficking Screening Tool (AHTST)	More trauma-informed than most. Tool is relatively short. Authors note it is easily administered with minimal training and designed so that providers can integrate questions into conversations while building rapport and listening for information. Scoring is useful to indicate risk for trafficking, which can be useful for prevention.	None	https://www.acf.hhs.gov/sites/default/files/otip/adult_human_trafficking_screening_tool_and_guide.pdf
23	Nevada Office of Governor	Law Enforcement Screening Tool for Victims of Human Trafficking	Users advised to take trauma-informed training prior to using tool, and toolkit includes information about providing a trauma-informed response, but tool itself may not be trauma-informed. No scoring criteria or guide to interpret tool results.	None	http://ag.nv.gov/uploadedFiles/agnvgov/Content/Human_Trafficking/AG_HT_Screening_Tool_Final2.pdf

	Organization	Tool Name	Notes	References	URLs
24	Canadian Council for Refugee	National Human Trafficking Assessment Tool	Begins with initial assessment of open-ended questions (unclear if requires self-disclosure). If that leads to suspicion of trafficking, then proceed to checklist of indicators in a yes/no format. Instructions specify that items not be asked directly and be filled out after client leaves. This approach is flexible and trauma-informed. The indicators reflect direct features of trafficking (which often remain hidden), but they do not include signs that allow early intervention.	None	https://ccrweb.ca/en/national-human-trafficking-assessment-tool
25	London Safeguarding Children Board	London Safeguarding Trafficked Children Toolkit	For Risk Assessment: Checklist of indicators with the options: Yes, Suspected, or No. Items are not direct examples of exploitation, but observable symptoms. No clear scoring guide. Decision flowcharts may be confusing. For full Trafficking Assessment: list of open-ended questions with about 10 sections. Long and complicated.	None	https://www.justice.gov.il/En/Units/Trafficking/MainDocs/london_safeguarding_trafficked_children_toolkit_january_19th_2009.pdf
26	International Organization for Migration (IOM)	Screening Interview Form	Developed for an international context; relies on the UN Protocol definition of trafficking. Screening consists of two stages: assessment of indicators of trafficking, followed by direct interview. No scoring rules or guide to action. Tool includes explanations for how indicators relate to trafficking, but no rubric to make final decision. Tool may not be trauma-informed.	None	https://www.unodc.org/documents/human-trafficking/Toolkit-files/08-58296_tool_6-6.pdf
27	Gennessee County	Screening Tool for Suspected Victims of Human Trafficking	Two short screening tools, one for adults and one for children. Questions increase in intensity/specificity as interview progresses. Tool instructions note that a positive answer to two or more questions is considered a positive screen for human trafficking.	None	https://nebula.wsimg.com/4353c386d6bd891ae8f003e9f0ef9133?AccessKeyId=EF196C3EA62459BB5B9B&disposition=0&alloworigin=1
28	The Advocates for Human Rights	Self-Assessment Card	Very short, very direct. Could be useful for a really quick screen, provided that the victim is willing to answer questions and self-disclose. However, may be too short to cover important indicators.	None	http://www.theadvocatesforhumanrights.org/uploads/guide_for_self-assesment_card.pdf
